

Reason About Angles: Apply and Create

Use the matching sheet ID when checking answers.

Use what you learned to explain, construct or apply an idea.

1. How many degrees are in one full turn?

Answer: 360 degrees

2. Does making an angle drawing with longer rays change its angle measure?

Look for:

- Separates ray length from angle size.

One possible response: No. Measure depends on the opening between rays.

Open responses use criteria and an illustrative response. Other well-supported responses can be acceptable.
