Use the material to work through each task. Show the requested response.

An invented report

Invented practice data or scenario; not a report of a real study.
The room became quieter after a soft rug was added. The class also changed its discussion routine. The report does not show which change caused the quieter room.

1. Name the two changes.

2. What happened after the changes?

3. Write a sentence using after without claiming a cause.

4. Write a sentence using may to describe a possible cause.

5. Use however to explain the limit.

6. Ask a question that could help investigate the cause.
