

Geometry: Measuring and Classifying Angles

Name: _____ Date: _____

Read each protractor from its zero-degree baseline, or classify the angle as acute, right, or obtuse.

1. Read the protractor. Ray OA starts at 0° on the right. What is the angle?

- A. 125°
- B. 50°
- C. 135°
- D. 130°

2. Classify an angle measuring 100° .

- A. Acute
- B. Obtuse
- C. Straight
- D. Right

3. Read the protractor. Ray OA starts at 0° on the right. What is the angle?

- A. 100°
- B. 80°
- C. 85°
- D. 75°

4. Classify an angle measuring 100° .

- A. Straight
- B. Right
- C. Acute
- D. Obtuse

5. Read the protractor. Ray OA starts at 0° on the right. What is the angle?

- A. 70°
- B. 75°
- C. 110°
- D. 65°

6. Classify an angle measuring 10° .

- A. Acute
- B. Right
- C. Straight
- D. Obtuse
