

Make Ten in Different Ways: Practice Independently

Name: _____ Date: _____

Use the material to work through each task. Show the requested response.

Ten has two parts

If the whole is ten and one part is six, the other part is four. The equation is $6 + 4 = 10$.

1. Fill in: $5 + \underline{\quad} = 10$.

2. Fill in: $1 + \underline{\quad} = 10$.
