

Decimals in Tables and Models: Practice Independently

Name: _____ Date: _____

Use the material to work through each task. Show the requested response.

Read the place after the point

Tenths are one of ten equal parts; hundredths are one of one hundred. In 0.47, the 4 means four tenths and the 7 means seven hundredths.

1. Write 0.5 with two digits after the decimal point.

2. Find $1.25 + 0.6$.
