An invented park report

Invented practice data or scenario; not a report of a real study.
Our invented class counted 12 trees in a small park. The park has two benches. I think the shaded bench is the best place to read. A path runs between the benches. The park is the most wonderful place in town.

1. Sort the statements.

A. There are two benches.	B. The park is wonderful.
C. A path runs between the benches.	D. The shaded bench is best.
Fact	Opinion

2. Does the count of trees prove the park is the best park? Why?
