

Three Branches and Shared Power: Practice Independently

Name: _____ Date: _____

Use the material to work through each task. Show the requested response.

Broad federal roles

Congress, the legislative branch, makes federal laws. The executive branch carries out federal laws. The judicial branch interprets laws in cases. Checks and balances distribute powers among branches.

1. Sort the broad roles.

A. Makes federal laws		B. Carries out federal laws	
C. Interprets laws in cases			
Legislative	Executive		Judicial

2. Which branch handles interpretation in legal cases?
