Neighborhood Goods and Services

Name: _____ Date: _____

Learning goal: Distinguish an item people obtain from work someone does for them.

Neighborhood Goods and Services

Look, listen and try. You may point, circle, draw or say your answer. An adult may read and record your words.

Neighborhood Goods and Services

Goods are things people make or grow that others can obtain. Services are work people do for others. A store or person may provide both.

1. You buy a loaf of bread. Is the bread a good or a service?

2. A mechanic repairs a bicycle. Is the repair a good or a service?

3. A gardener sells a plant and plants it for a customer. Name the good.

4. In the gardener example, name the service.

Show what you can do

Use the model to complete each task. Spoken or drawn responses are welcome where indicated.

5. Draw one good and one service you might find in your neighborhood. Tell an adult which is which.
