

Read and Build Three Digit Numbers: Apply and Create

Use the matching sheet ID when checking answers.

Use what you learned to explain, construct or apply an idea.

1. How many tens have the same value as 3 hundreds?

Answer: 30

2. Why is the zero needed in 507?

Look for:

- Explains place value and not only that zero means nothing.

One possible response: It shows that there are no tens and keeps 5 in the hundreds place.

Open responses use criteria and an illustrative response. Other well-supported responses can be acceptable.
