

Integer Comparisons and Changes: Apply and Create

Use the matching sheet ID when checking answers.

Use what you learned to explain, construct or apply an idea.

1. What is the distance of -6 from zero?

Answer: 6

2. Explain why -1 is greater than -8.

Look for:

- Uses ordering rather than unsigned magnitude.

One possible response: -1 lies farther right on the number line.

Open responses use criteria and an illustrative response. Other well-supported responses can be acceptable.
