

Make Pictures With Lines and Shapes

Use the matching sheet ID when checking answers.

Use the material to work through each task. Show the requested response.

1. Draw three straight lines.

Look for:

- Uses mostly straight lines.

One possible response: Three straight strokes.

2. Draw three curved lines.

Look for:

- Uses curved rather than only straight lines.

One possible response: Three curved strokes.

3. Use a circle and a triangle to make a picture.

Look for:

- Uses both shapes.

One possible response: A circle face with a triangle hat.

4. Make a repeating pattern with two shapes.

Look for:

- Repeats a consistent pair.

One possible response: Circle, square, circle, square.

5. Tell an adult what your picture shows.

Look for:

- Connects description and drawing.

One possible response: A picture described in the student's own words.

6. Can two people make different pictures from the same shapes?

Look for:

- Accepts reasonable creative variation.

One possible response: Yes. People can combine shapes in different ways.

Open responses use criteria and an illustrative response. Other well-supported responses can be acceptable.
