

Classify Living and Nonliving Things: Apply and Create

Name: _____ Date: _____

Use what you learned to explain, construct or apply an idea.

Look for more than movement

Plants and animals are living things. They grow and need resources. A toy car can move when pushed, but movement alone does not make it living.

1. A toy car moves. Is that enough to prove it is living?

2. A plant does not walk. Why can it still be living?
