

Main Ideas and Supporting Details

Name: _____ Date: _____

Use the material to work through each task. Show the requested response.

A Garden Changes

A school garden gives children several ways to learn. They count seeds before planting. They measure plants as they grow. They watch insects visit flowers. Children also write notes about what they observe. The garden is more than a place to grow food; it is a place to explore.

1. What is the passage mostly about?

2. Copy one detail that supports the main topic.

3. State the main idea in one sentence.

Main Ideas and Supporting Details

Name: _____ Date: _____

4. What does observe mean in this passage?
