

Observe and Record Weather

Use the matching sheet ID when checking answers.

Use the material to work through each task. Show the requested response.

1. Which day was rainy?

 Monday: Sunny	 Tuesday: Cloudy	 Wednesday: Rainy
--	--	--

Answer: Wednesday

2. Which can you look for in the sky?

Answer: Clouds

Clouds can be observed.

3. What was the weather on Tuesday?

Answer: cloudy

4. Draw the weather you can see now, or use Monday from the pretend log.

Look for:

- Matches the chosen observation.

One possible response: A sun for the sunny pretend day, or an appropriate current observation.

5. Does the log tell us the weather next Thursday?

Look for:

- Distinguishes a record from a future prediction.

One possible response: No. It records only three earlier days.

6. Tell an adult one thing you can see that helps describe weather.

Look for:

- Describes an observable feature.

One possible response: I can see clouds.

Open responses use criteria and an illustrative response. Other well-supported responses can be acceptable.
