

Geography and Settlement Choices: Apply and Create

Use the matching sheet ID when checking answers.

Use what you learned to explain, construct or apply an idea.

1. What information would help choose a site?

Look for:

- Requests relevant missing information.

One possible response: Flood frequency, water access, transport, resources and local conditions.

2. Why should this model not explain every ancient settlement?

Look for:

- Recognizes the model's limited scope.

One possible response: Real societies had many different conditions and choices.

Open responses use criteria and an illustrative response. Other well-supported responses can be acceptable.
