

Find and Build Shapes: Apply and Create

Name: _____ Date: _____

Use what you learned to explain, construct or apply an idea.

Look at sides and corners

A triangle has three straight sides. A square has four equal sides and four square corners. A rectangle has four square corners. A circle has no straight sides.

1. Draw a triangle and a circle.

2. A triangle is turned upside down. Is it still a triangle? Tell why.
