Two invented notes

Invented practice data or scenario; not a report of a real study.
Note A reports that some volunteers liked a planner. Note B says planning routines differ across students. Neither note measures grades or proves a causal effect.

- 1. What topic do the notes share?

- 2. What outcome is not measured?

- 3. Complete: Together, the notes suggest ____, but ____.

- 4. Write a claim using may rather than guarantees.

- 5. Write a sentence using although.

- 6. Write a short synthesis and one question for further study.
