1. Critique: Planners guarantee better grades for every student.

Look for:

- Addresses outcome, population and certainty.

One possible response: The evidence neither measures grades nor represents every student; guarantee is unsupported.

2. Suggest a further research question and what evidence it would need.

Look for:

- Defines a question and relevant evidence.

One possible response: Do planners improve organization over a term compared with similar nonusers? Collect comparable measures over time.

Open responses use criteria and an illustrative response. Other well-supported responses can be acceptable.
