

Read a Trade Network: Apply and Create

Use the matching sheet ID when checking answers.

Use what you learned to explain, construct or apply an idea.

1. Name a possible cost of trading along the network.

Look for:

- Identifies a plausible cost.

One possible response: Transport time, effort or risk.

2. Does the network show exact prices or guarantee fair trades?

Look for:

- Avoids inventing missing facts.

One possible response: No. Prices and terms are not supplied.

Open responses use criteria and an illustrative response. Other well-supported responses can be acceptable.
