

Complete a Mirror Pattern: Apply and Create

Use the matching sheet ID when checking answers.

Use what you learned to explain, construct or apply an idea.

1. Draw your own symmetrical pattern.

Look for:

- Pairs shapes across the line.

One possible response: Matching shapes on both sides of a vertical line.

2. How can you check your pattern?

Look for:

- Uses a valid reflection check.

One possible response: Imagine folding along the line; matching parts should overlap.

Open responses use criteria and an illustrative response. Other well-supported responses can be acceptable.
