Use what you learned to explain, construct or apply an idea.

A Repair Box

A classroom repair box holds tape, string and spare paper. Students use tape for torn pages and string for loose tags. Spare paper can replace a damaged cover. The box helps students make small repairs instead of immediately discarding useful objects.

1. State the main idea in one sentence.

2. What can replace a damaged cover?

3. Explain how the tape example supports the main idea.

4. Summarize the passage in two sentences.
