Two original scenes

Scene A: Mara refused help with a heavy display. The stand tilted, and she spent the afternoon repairing it. The next day she asked two classmates to hold the base while she fastened it.

Scene B: Ivo hid an unfinished drawing because he feared criticism. When he finally showed it, a classmate suggested a clearer outline. He tried the suggestion and kept the parts he liked.

1. Explain how Mara’s later choice develops that theme.

2. Explain how Ivo balances advice and personal choice.
