

A Butterfly Life Cycle: Apply and Create

Use the matching sheet ID when checking answers.

Use what you learned to explain, construct or apply an idea.

1. Why is this more than simply a small butterfly growing larger?

Look for:

- Describes a change in form.

One possible response: Its body form changes through different stages.

2. Does the adult turn back into an egg? Explain the cycle arrow.

Look for:

- Distinguishes reproduction from reversal of the individual.

One possible response: No. The adult can produce eggs that begin a new generation.

Open responses use criteria and an illustrative response. Other well-supported responses can be acceptable.
