

Food Web Arrows Show Energy Transfer: Apply and Create

Use the matching sheet ID when checking answers.

Use what you learned to explain, construct or apply an idea.

1. Draw the two paths with correctly directed arrows.

Look for:

- Keeps direction and organisms accurate.

One possible response: Both paths follow food source to consumer.

2. Why does this web not explain every change in the meadow?

Look for:

- Recognizes the model's limited scope.

One possible response: Other food sources, organisms and conditions are omitted.

Open responses use criteria and an illustrative response. Other well-supported responses can be acceptable.
