

Evaluate Economic Policy Claims: Apply and Create

Use the matching sheet ID when checking answers.

Use what you learned to explain, construct or apply an idea.

1. What additional evidence would help evaluate the program?

Look for:

- Connects evidence to policy evaluation.

One possible response: Comparison data, participation, costs and broader economic conditions.

2. Revise: The program definitely fixed the economy.

Look for:

- Preserves observation and limits.

One possible response: Unemployment fell in this period, but the table does not establish the program caused it or describe all economic conditions.

Open responses use criteria and an illustrative response. Other well-supported responses can be acceptable.
