

Interpret Population Tables: Explore and Explain

Name: _____ Date: _____

Explore the material. Talk through your reasoning with suitable support.

Invented population data

Invented practice data or scenario; not a report of a real study.
These counts are fictional. Age groups are defined identically in both places.

Age group	Place A	Place B
0–14	200	100
15–64	500	600
65+	300	300

1. Find the total population of Place A.

2. What fraction of Place A is age 65 or older?
