

Read a Timeline and Ask Questions: Apply and Create

Use the matching sheet ID when checking answers.

Use what you learned to explain, construct or apply an idea.

1. Does the timeline prove the bridge caused the library to open?

Look for:

- Separates before/after from cause.

One possible response: No. Order alone does not prove causation.

2. What evidence could help investigate why the library opened?

Look for:

- Suggests evidence connected to the question.

One possible response: Contemporary records, meeting notes or accounts describing its planning.

Open responses use criteria and an illustrative response. Other well-supported responses can be acceptable.
