

Read a Trade Network: Practice Independently

Use the matching sheet ID when checking answers.

Use the material to work through each task. Show the requested response.

1. Why might River Town trade grain for pots?

Look for:

- Connects production and exchange.

One possible response: The towns have different goods that can meet needs.

2. What might happen if the road to Forest Town closes?

Look for:

- Uses the network connection.

One possible response: Timber trade may become harder or require another route.

Open responses use criteria and an illustrative response. Other well-supported responses can be acceptable.
