

Plan Color and Visual Emphasis: Apply and Create

Name: _____ Date: _____

Use what you learned to explain, construct or apply an idea.

A traditional art palette

In a common traditional art convention, reds, oranges and yellows are called warm, while blues and greens are called cool. These labels describe visual associations, not actual temperature. Contrast can create emphasis.

1. Explain one color choice in your plan.

2. Does warm color mean the paint is physically hotter?
