1. Name a warm color from the material.

Answer: red, orange or yellow

2. Name a cool color from the material.

Answer: blue or green

3. How might a bright warm shape stand out on a cool background?

Look for:

- Connects contrast and emphasis.

One possible response: Contrast can draw attention to the shape.

4. Sketch a composition with one focal point. Label planned colors.

Look for:

- Makes the intended focal point clear.

One possible response: One highlighted shape with labeled background colors.

5. Explain one color choice in your plan.

Look for:

- Relates the choice to its intended effect.

One possible response: A warm focal shape contrasts with a cool background.

6. Does warm color mean the paint is physically hotter?

Look for:

- Distinguishes association from temperature.

One possible response: No. It is a visual convention.

Open responses use criteria and an illustrative response. Other well-supported responses can be acceptable.
